Application form is enclosed towards the end of the prospectus.

Introduction

World Wide Fund for Nature - India (WWF-India)

WWF-India is one of the largest conservation organisations engaged in wildlife and nature conservation in the country. Established as a Charitable Trust on November 27, 1969, it has an experience of over four decades in the field. From a modest beginning, the organisation has been propelled forward by the efforts of its founders and associates who volunteered their time and energy to lend momentum to the conservation movement.

Today, it is recognized as a premier international conservation non-governmental organisation in the country dealing with nature conservation, environmental protection and development-related issues. At a time when the Web of Life has come under increasing threats, WWF-India's attempts have been to find and implement solutions so that human beings can live in harmony with nature, and leave for future generations a world rich in natural resources and natural wonders.

To suit India's specific ecological and socio-cultural situation, WWF-India articulated its mission in 1987 as follows:

"The promotion of nature conservation and environmental protection as the foundation for sustainable and equitable development."

Centre for Environmental Law (CEL)

The Centre for Environmental Law (CEL) was established in 1993 as an integral part of WWF-India. Apart from handling and furthering WWF-India's conservation work involving policy analysis, campaigning and legal interventions on environmental issues, CEL serves as a resource centre for teaching environmental law and research in national, regional and international contexts. To implement its programmes CEL is building functional and professional linkages with government agencies and non-governmental organizations at national and global levels.

One of the principle educational activities of CEL since 1993 has been the Diploma Programme in Environmental Law that has been running for over two decades now. More than fifteen hundred participants have benefited from the Diploma in Environmental Law Certificate issued by WWF India.

To widen the scope and reach of the Course, since September 2013, WWF has partnered with National Law University, Delhi to offer one year Post Graduate Diploma in Environmental Law and Policy.

National Law University, Delhi (NLUD)

National Law University, Delhi is a premier Law University established in 2008 by the Delhi Government at the initiative of Delhi High Court. It has state of the art infrastructure and facilities for learning and research. The vision of NLUD is to make legal education an instrument of social, political and economic change. It is committed to transform students into lawyers who are professionally competent, technically sound and socially aware.

NLUD has been offering a five year Integrated B.A. LL. B (Hon.) Programme since 2008 and LL.M and Ph. D programmes since 2011. It offered its first Diploma programme on Judging and Court Management in 2010 with the objective of training and skill building of the young legal professionals in the art and craft of judging and court management.

The University also offers several other innovative and specialized diploma programmes both in distance and online modes. These include Patent Law, Competition Law and Policy, Real Estate Law, Labour Rights, Women Studies and Vocational Diploma for Paralegals.

Post Graduate Diploma in Environmental Law and Policy (PGDELP)

Programme Description

It is essential to minimize the adverse impacts of pollution and ecological degradation through proper environmental management and international cooperation. This can be done by not just raising awareness of environmental values but also strengthening the delivery capacity of environmental professionals so that they are well equipped to face the challenges in their stream of work.

With an aim to provide a better understanding of green law issues poignant worldwide, particularly in the Indian context, NLUD and WWF India will be jointly offering a **One Year Post Graduate Diploma in Environmental Law and Policy**. The exclusive tailor-made programme provides opportunities for law graduates and other professionals working in the field of environment to enrich their understanding of the issues, institutions and initiatives in the field of environmental law and policy.

Programme Objectives

The objectives of the programme are to:

- Provide comprehensive knowledge to participants in Environmental Law and Policy
- Increase understanding on key issues related to national as well as international environmental law & policies
- Develop knowledge on the International Legal & Policy context on thematic issues related to environment
- Develop practical skills to facilitate effective engagement with Environmental Laws

- Prepare well-informed professionals in Environmental Law and to upgrade the professional competencies by augmenting the Environmental Law awareness
- Promote networking and sharing of experiences among participants to actively contribute towards conservation

Target Group

The programme is useful to students and working professionals from various streams who seek to enhance their skills on legal interventions for environmental protection and also bridge the gap between theory and practice. Law graduates, Legal practitioners, Environmental professionals, Corporate Executives, Government officials, Media and NGO personnel seeking to enrich their professional knowledge are encouraged to apply.

Eligibility

Graduation in any stream. Work experience of a minimum of two years in the relevant field is desirable.

Admission will be granted strictly on merit at the discretion of the selection panel. In some cases, the Applicant may be required to appear for a telephonic interview.

Duration and Pedagogy

- 'PG Diploma in Environmental Law and Policy' is a one-year programme which is divided into two semesters.
- The diploma is offered with English as the only medium of instruction.
- There are two modes of instruction- 'Distance' mode and 'Online' mode. Participants can opt for any one of the two instructional modes for pursuing the programme at the time of admission.
- Participants who opt for the **Distance Mode** will receive **hard copies** of study material by post and participants who opt for the **Online Mode** will receive **soft copies** of the study material online.
- All other aspects such as course content, timelines, course curriculum, examinations and discussion forum remain the same for both the modes.

We at WWF however encourage participants to apply for 'Online Mode' and contribute to saving Paper!

The focal points of the Diploma programme are as follow:

- Programme shall focus on legal and policy matters pertaining to environmental management for sustainability
- Both global and local level practices/perspectives will be covered through case studies
- Extensive study material will be provided

Syllabus and Detailed Structure:

- The PG Diploma comprises of 34 Credits or 700 Marks.
- The course is divided into **two semesters (Semester I and Semester II)**.
- The course consists of 7 courses out of which six are theoretical courses and one is a practical training course.
- Courses 1, 2, 4 and 7 will be of 4 credits each.

Preparation and submission of Synopsis and Term End Paper

Online Assessment Examination – Open book exam shall be conducted at the end of II Semester

**While developing the study material, depending on the unit length and issues covered some titles of the units may change.*

Evaluation System

- The evaluation is a continuous process though out the course and participants will be evaluated on the basis of assignments, discussions, term end paper/project work and semester end examinations.

- The course is divided into two semesters; each semester has three theory courses. Participants must submit a total of six assignments, one for each theory Course.
- Additionally, participants are required to submit a Synopsis and a Project Report (Term End Paper), both of which are a part of the 'Practical Training' component under Course VII.
- Both for distance and online mode participants, participation in discussion forum is mandatory.

Assignments – The main purpose of assignment is to test the participant's comprehension of the study material provided and general interpretation of concepts keeping in view the current scenario. The assignments will account for 50% of total assessment. Submission of all assignments is compulsory.

Semester end examination – After end of each semester, the participants have to appear for an 'open book examination', analytical problem will be shared with participants which needs to be solved keeping the practical case study in mind. The participant will be free to refer to books and study material for solving the paper. Semester end examination will carry 50% weightage of total assessment.

Term End Paper (TEP) – TEP component includes Synopsis and a Final paper. The TEP (Course VII) carries 4 credits or 100 marks; out of which synopsis would carry 20% weightage and TEP will carry 80% weightage. Submission of both Synopsis and TEP is compulsory for completion of the Diploma.

Discussion Forum– Participants will have to actively contribute to discussion forum created and managed by Course Coordinators. Once every month a topic for discussion will be posted, participants should share their views on the topic. Discussion Forum is a good platform for sharing of knowledge and ideas.

Final Marking

Final evaluation break up is as follows:

Course I to VI -50% for Assignments and 50% for Semester end examinations

Course VII - 20% for Synopsis and 80% for Project Report

Admission Procedure and Fee details

- Interested applicants are requested to submit **soft copies** of the duly filled in Admission Form (Annexure 1) along with their **curriculum vitae, copies of certificates of qualifications and statement of purpose (the application will not be accepted without any of these documents)** by the stipulated date to the following email address: submissionscel@wwfindia.net
